DDSW Region - Same-Day Student Absence Notifications

I would bring all families attention to the following excerpt from Department of Education & Training. These key messages have and will be implemented fully by end of 2016 at WESS.

“Your priority attention to the two matters outlined below is requested.

1. With immediate effect - when a student in out-of-home care is identified as absent without explanation or is missing from school, schools are obligated to contact carers without delay.

2. As soon as practicable, but no later than commencement of 2017 - schools are required to implement a system of same-day notification for unexplained student absences (all students).”

Our attendance goal for 2016 is 95%. We ask that all families assist in assuring children’s absences are explained by contacting the absence line each morning to notify the reason for an absence.
